VOLUME LXI. FIRST IN SERVICE TO READERS ANTIOCH, ILLINOIS, THURSDAY, OCTOBER 31, 1946 FIRST IN RESULTS TO ADVERTISERS NUMBER 13

## Barrett to Speak At Joint Meeting Tuesday, Nov. 12

**Antioch Lions; Lake Villa Club Will Hear Atty. Gen.; Floor Show**

Antioch Lions club and the Lake Villa Community Men's club will hold a joint meeting at the Lake Villa grade school gymnasium on Tuesday evening, November 12. The meeting is to be educational and entertaining, according to Dan S. Boyer, chairman of the committee.

Highlight of the evening will be a talk by George F. Barrett, Attorney general of the state of Illinois. Mr. Barrett's talk will be on the subject "Duties of the Attorney General" and is expected to be of great interest. Other features of the meeting will include an eight-act vaudeville show featuring headline acts. Among the performers will be George Farrell, well known around Chicago night spots for his clever work as an M. C.; Gloria Clifton, talented singer now appearing at the Brevort Hotel in Chicago; Robin and Robin, acrobatic team; Jimmy Nelson, ventriloquist; and other entertainers.

Music will be provided during the dinner, which will be prepared and served by the Ladies of W. S. C. C. of Lake Villa church. Turkey will be the main dish and the banquet will be served family style.

Mrs. Grace Timmerman will accompany Helen Avery, well-known radio artist and singer, in several selections.

Members of both the Antioch Lions club and the Lake Villa Community Men's club are urged to attend the meeting and enjoy the show. Members will be permitted to bring guests, according to Boyer, who said today that preparations for accommodating two hundred would be made.

## New Warehouse Will Be Built for County Sales Distributor in Antioch

George Borovicka, druggist, spent two days of last week at Indianapolis where he completed arrangements for representing Consolidated Distributors in Lake county.

Antioch is to be the distributing point for the county and a 50x50 quonset building is to be erected at Depot St., to serve as a warehouse.

Borovicka plans to have from 50 to 75 dealers in Lake county and will have a large number of salesmen working out of this village. He plans to employ returning veterans.

Ray Norris, secretary of the War Production board, is vice president of Consolidated Distributors and "Frosty" Winter is president. Borovicka heard both of them speak in a meeting which he attended.

The company handles heating equipment, home freezers, and electrical supplies.

## Harry Krueger Takes Partner in Business

Harry J. Krueger has formed a partnership with Loren D. Sexauer, of Chicago, under the firm name of Krueger and Sexauer.

Messrs. Krueger and Sexauer were formerly associated in the real estate business in Chicago for a number of years. Mr. Sexauer has been active in real estate circles in Chicago for the past 25 years, conducting a real estate and general insurance business.

Mr. and Mrs. Sexauer have purchased a home in Antioch and will become permanent residents.

Mr. Krueger has been a resident of the Antioch community for many years and established his office here several years ago. The new firm will take care of a rapidly expanding business.

## S. Boyer Nelson Buys Jos. C. James Agency

S. Boyer Nelson of 881 Main St., has purchased the real estate and insurance agency of the late Joseph C. James.

The James agency is the oldest of its kind in Antioch having been in operation 40 years.

Nelson will become agent for the companies James represented and will service the policies already purchased through James.

## Roy Murrie Improving Following Stroke Thurs.

Roy Murrie the congenial city clerk suffered a stroke of paralysis last Thursday evening while crossing the parking lot of his son's service station at 950 Main St., and is still in a serious condition at Victory Memorial hospital, although he is showing improvement.

Murrie was found helpless leaning against an automobile. It is believed he was on his way from the service station to the bowling alley and feeling ill had leaned against a car to rest and the stroke came.

Taken to his home, he was removed to the hospital at Waukegan Saturday forenoon. At first he was unable to speak but now he can say a few words and recognizes those at his bedside. The stroke caused one complete side to become helpless.

## District PT Clubs Plan Meeting at Mundelein Next Wednesday Eve.

"Special Education for Handicapped Children," is the subject of a talk to be given by a speaker from the Illinois State Department of Health at the first meeting of the Lake County Council of Parents and Teachers, Dist. 26.

The meeting will be at Lincoln school in Mundelein Wednesday, Oct. 30 at 8 p. m.

Mrs. Robert Nelson, president of the organization, will be in charge.

Co-hosts for the evening are the Lincoln school Parent-Teacher association of which Emil Nestergaard is president; and the Cedar Lake Parent Teacher association of which Mrs. Melvin Keyser is president. Refreshments will be served following the program.

## Antioch Meets Grant in Closing Battle of Football Season

**Sequoits Lose to Northbrook Mattson Out of Game Has Broken Wrist**

The curtain will drop on football for the season here Friday night when Antioch will play her neighboring rival Grant Township High under the lights of the local gridiron.

Both teams have had about the same fortune in the Northwest conference this year although Grant has the edge on points, having scored six points on the league-leading Northbrook whereas the Sequoits took a 13 to 2 defeat at Northbrook last Saturday afternoon.

It appeared for a while Saturday that Antioch might provide an upset for at the end of the third quarter the Sequoits were leading 2 to 0. The Northbrook reserve strength in the last quarter proved too much for the tiring visitors.

Antioch suffered heavily when Leon Mattson, fullback sustained a fractured wrist. His place Friday will be taken by Weber and Poulos will take Weber's place at tackle.

In Saturday's game Antioch gained the two points in the third quarter on a safety. Northbrook made two touchdowns but converted only once.

Antioch attempted 14 passes but completed only five; Northbrook attempted three and completed two. Antioch averaged 29 yards in punts, Northbrook 35½ yards; both teams recovered two of their own fumbles. Northbrook was penalized 55 yards to Antioch's 20.

## Demonstration in Science Given at Antioch School

Beginning a series of five programs extending throughout the school year, a demonstration in science was given at the Antioch Township High school this (Thursday) morning by J. C. Jones of the University of Wisconsin extension division.

The lecture and demonstration was on the subject "Static Electricity as a Natural Phenomenon."

Jones brought his own equipment and an assistant who aided in the performing of the electrical experiments. Principal T. R. Birkhead said that three more programs of an educational nature and one of purely entertainment will be provided by the Wisconsin lyceum.

**Error in Name Discovered**  
It is Manuel Roderiguez who is going to Venezuela and not his son-in-law, George Shannon, as was erroneously reported last week. The error resulted from a misunderstanding in gathering of the information.

## Halloween Party Set for Tonight

**Parade, Treats, Prizes in Store for Merrymakers This Evening**

Witches, hobgoblins, tramps, bathing beauties and other strange and weird things will be on parade this evening at 6:30 p. m., when the grade school children of the Community march from the Antioch grade school grounds to the Antioch theatre.

The kiddies will be the guests of Fred B. Swanson, manager of the Antioch theatre, who has arranged a program of comedy and cartoons for them. Prizes for the best costumes will be awarded, with four prizes for each age group. In addition to prizes for each of the eight grades, awards will be made in the kindergarten and pre-school age divisions.

The annual party, which has grown to be an institution in Antioch, was originally sponsored by the Antioch News and The Antioch Theatre more than ten years ago, in an effort to keep the youngsters busy with good, clean fun and help stop the pranks which were sometimes costly. That the idea has worked out well is evidenced by the lack of vandalism which has been perpetrated by children of these ages in the past few years. Other than the soaping of windows and others harmless tricks, little damage has been done which could be attributed to the grade age children.

Of late years the Antioch Village board and the Antioch Lions club have contributed to the party by furnishing treats and prizes for the affair.

## Window Art Contest

Prizes will be awarded at 5 p. m. today for the best picture in soap at the Antioch Shoe Service, Main street. The contest which was announced last week has attracted many entries, and some of the pictures are really good. Mrs. Chas. Lux will be judge for the contest.

## Treats at Reeves

Children of grade school age will be given treats of ice cream and candy at Reeves Drug store before and after the party at the theatre, according to Geo. Borovicka, manager of the store.

## Rescue Squad to Patrol

Members of the Antioch Rescue squad will be on duty to keep order among the youngsters during the evening, and police will be on the alert for acts of vandalism during the night although no great amount of trouble is expected.

## Rescue Squad Fund Continues to Grow

The Antioch Lions Club Rescue Squad fund continues to grow as contributors throughout the community send in their contributions to the fund committee, according to F. J. Bud Arnold, secretary of the fund committee.

Additional names of donors follow:

M. B. Van Duzer  
American Legion Auxiliary 748  
Dr. Wm. P. Tague  
C. A. Atwood

## New Girl Scout Troop Formed at Lake Villa

A Girl Scout troop to be known as Lone Scout Troop No. 1, has been organized in Lake Villa.

The organization was formed Oct. 16 and will meet in the Lake Villa village hall from 6:30 to 8:30 every Wednesday night.

Mrs. H. T. Meinersmann, Jr., is leader and Mrs. Roy Pierson, assistant leader. The troop is for girls from 10 to 15 years of age. They have had one hike and later plan to visit places of interest in the vicinity.

## Juniors to Give Play 'Just Ducky' November 7-8

## Three-act Comedy to be Staged at Antioch Township High School

"Just Ducky!" a comedy will be presented by the Junior class of the Antioch Township High school, Nov. 7 and 8 under the direction of Miss Jeannette Danough.

Humor is carried throughout the three acts by the complicated situations that arise in a family of teen age children.

The cast of characters comprises: Mr. Maxwell, played by Earl Brobandt; Mrs. Maxwell, Delores Miller; Betty Lou, their daughter, by Patsy Anderson; Bernadine, Betty Lou's best friend, by Margaret Anderson; Wilbur, the son, Pressly Bratude.

Hercules, Wilbur's best pal, Walter Kuligowski; Connie, the daughter, Joan Conrad; Craig Moore, Connie's boy friend, Gerald Morris; Mr. Moore chairman of the Citizen's committee, Ernest January; Del Marshall, newspaper reporter, Kenneth Mattson; Aunt Mary, Mrs. Maxwell's aunt, Virginia Gaa; Miss Blayne, editor of Lovelorn column, Clarice Schultz.

Robert Bock and Marvin Muleski are stage managers and the committees are:

Properties—Shirley Vos, Robert Bock, and Marvin Muleski.  
Advertising—Helen Winfield, post-ers, Joe Cosgrove and Harry Shank, distribution.

Stage hands—Dorothy Thompson and Arlene Malm.

Ticket sales—Helen Melicheck, Robert Thompson, Margaret Runyard and Edwin Kania.

Ushers—Barbara Tiede, Virginia Ostrander, Warren Wells and Logan Lundgren.

Music will be by the Sequoia Music Makers.

## Ladies' Tuesday Night League Has Halloween Party

Norma Tiede, of the Club Villa team, walked off with first prize for the best costume at the Halloween party staged Tuesday evening at the regular league session at Antioch Recreation. Norma's costume was a bunny suit. Other winners were: second, Louise Keulman, Bud's Tavern team, dressed as Hlawatha; third, Hazel Sanders, Antioch News team; fourth, Grace Lefevre, Antioch News; and fifth, Ruth Seyfarth, Lee's Bar, Loon Lake.

Coffee and doughnuts were served after the bowling, with the Recreation acting as host, and the prizes for costumes were donated by Mrs. E. J. Hays.

## Fire Burns Chicken House At Fillweber Property

Fire damaged a chicken house at the Harold Fillweber property on Lake St., Tuesday afternoon. The loss was not large.

The fire department was called to the Pregoner subdivision Saturday in extinguishing a grass fire near the Thorne store.

## Election Nov. 5 Follows Weak Campaign Here

**Bonus, Gateway, Sanitarium Amendments Gaining Much Favor**

Antioch voters will go to the polls Tuesday not only to make their choices for county and state office but to vote "yes" or "no" on three referendums.

The polls will open at 6 a. m. and close at 5 p. m. Antioch voters will cast their ballots at the Shell Station warehouse, Lake st.; the village hall; and Lotus school. Residents of Lake Villa will vote in the village hall there.

Not a whole lot of excitement has been encountered in the county race, but some interest is shown in the contest for sheriff in which Charles R. Rouse, former Republican, is seeking the office against Thomas E. Kennedy.

Rouse, a deputy for 11 years, complained that he was fired from his job when he announced his candidacy, and Kennedy another deputy, was favored by the incumbent sheriff, Walter Atkinson. His vigorous campaign on the Democratic ticket is not expected to overcome to any degree Kennedy's strong bid for the office on the Republican.

Russ Alford who once before was elected county clerk is again seeking the office. His record and popularity make him a strong contender, but whether he can win in a Republican year in a strong Republican county is doubtful.

**Gun for Douglas**  
Republican guns are being trained on Emily Taft Douglas, congressman at large seeking re-election, to change the complexion of congress and to wipe out the New Deal remnants.

The soldier bonus is being favored by both parties, but within their ranks opposition has appeared. It is believed that this opposition has come too late and that the bonus listed at the polls as the "service recognition ballot" will be passed.

The Gateway amendment which is a referendum on the proposed amendment to section 2 of Article XIV of the Illinois constitution is a proposal to provide for easier amendment of the constitution.

The proposal is backed by the Illinois Agricultural association and the Lake County Farm bureau. They contend that Illinois, like other states needs its constitution brought up to date, but because our constitution is basically good, it needs but to be amended rather than to be remodeled through convention as some states have done. Only two amendments have been adopted since 1891.

**Say Reforms Needed**  
The bureau contends that the tax system needs to be modernized, legislative reapportionment that is fair to both rural and urban areas made possible, and to bring state and local governments up to date.

The third referendum deals with the renewal of the tax to support the tuberculosis sanitarium. It is necessary to renew the tax every ten years and because of the success of the county sanitarium and its service it is expected that the vote will be largely yes.

## Now It's Time for the Pranksters to Worry Over Damage to Jeep

When some pranksters took a Jeep from the rear of the Reeves drug store and after stripping it of wires and tools, deflated the tires and left it in front of the Williams department store they let themselves in for a little worry, according to George Borovicka, owner.

The Jeep was insured and now the insurance company is planning prosecution, Borovicka said, unless the guilty ones make some kind of settlement.

Borovicka himself refused to prosecute, but said that an apology would placate matters so far as he is concerned.

The pranksters removed the valve stems from the tires, and broke the speedometer cable.

## Exhibit of Mexican Art to be Displayed At Emmons School

An exhibit of water color paintings executed by Mexican children will be on display at Emmons school during the next two weeks. The display is furnished through the A. A. U. W. of America.

In addition to being shown at Emmons, the exhibit will be at the Antioch Library on November 8 and 9.

### Arsonists at Large

During the war, certain special troops, such as those serving with the OSS, were given technical instruction in arson. Elaborate textbooks were printed to assist the student in attaining proficiency in destroying enemy ammunition dumps, headquarters and other installations, by fire. These works, of course, were classified "Secret" and were never allowed to fall into the hands of the general public.

However, judging by recent fire loss statistics, the American people need little instruction in how to start destructive fires. Because of our carelessness, ignorance and plain downright laziness, we are experts in the field.

The figures tell the story. Authorities say that nine out of every ten fires are easily preventable. Yet we will burn up about \$600,000,000 worth of property this year, to make the worst record in history—and we will burn to death some 11,000 human beings along with it.

This will happen because we insist on being careless with heating equipment; because we permit faulty electric equipment to go unrepaired; because we litter basements and attics and closets with inflammable trash; because we improperly dispose of smoking materials—and because we do a hundred and one similar things that a modicum of common sense should tell us not to do. Think it over—and then decide whether you're willing to do your part to prevent fire.

### Who Gains?

Reconversion Director Steelman has forecast that the meat situation will be worse during the coming winter. President Truman now indicates his agreement with that gloomy view. So housewives may as well reconcile themselves to the continued contemplation of denuded showcases in the markets they patronize.

The evidence has been pointing in this direction ever since OPA reestablished meat ceilings—against the advice of some of the foremost authorities in the industry. The intake of meat animals in the great stockyards of Chicago and elsewhere had been at unbelievable

lows. And many of the animals received are undersized, of low quality, and are generally undesirable for table use.

We have here a perfect example of what happens when the legal price for any commodity is set at unprofitable levels. During the period when meat was decontrolled, it flowed abundantly into the legitimate channels. Practically all stores had plenty of it to sell in all cuts and grades. Prices, of course, were somewhat higher than before—today's costs made that inevitable. But meat was available. Now prices are lower—but that is meaningless because there is less and less meat on sale.

OPA is supposed to act in the interest of the consumer. But it is difficult to see how anyone's interest is served by a policy which drives products out of the open market and makes them unobtainable to the vast majority of consumers. The packers lose—many of them are almost out of business for lack of animals. The honest retail stores lose, because they have less to sell. The consumer loses, because he can't get what he wants. The main gainer is the black market, which always has plenty of everything to sell at an exorbitant price when government makes the operation of the free market impossible.

### The Low Down From Hickory Grove

I see that "recreation" is now Big Business. Making a living out of recreation, brothers and sisters, that is no slouch of an idea. And when you get on the "andy-over" or "3-cornered-cat" or "story telling" Recreation payroll, you get to go to conventions versus rolling up your sleeves and going to work. And if you are extra good at horse-shoes or leap-frog, you get on the program for a talk—and stay for the banquet.

At a big convention in our town, they discussed the idea of extending planned recreation to even the old spavins. Talked of making the nation Recreation Conscious. Discussed how to use school children with placards—like pickets—to put over the sale with the taxpayers. In short, the whole idea was how to keep the recreation idea rolling—and everybody stay on the payroll.

What this land of the free needs, is to go to work. Playin' has been overdone. There is already too much loitering—young and old. Promoting more play is cockeyed. Idle hands stir up devilment. Fewer Recreation Conclavers—and more officers and patrolmen on the highways—would make more sense. When lawlessness is over the land, you gotta do more than pop-off at a banquet.

Yours with the low down,  
JO SERRA

### HICKORY

Mrs. Curtis Wells and Mrs. A. T. Savage helped serve at the Waukegan USO on Sheridan Road Sunday afternoon.

Harold Thompson, Lake Villa, was a guest for dinner Sunday at the Will Thompson home.

Mr. and Mrs. William Miller, of Lake Villa, were Sunday dinner guests at the Earle Crawford home.

Roger Noethling, of Mundelein, visited his friend Jerry Hunter Sunday.

Mr. and Mrs. S. J. Handley spent Sunday afternoon at Waukegan, Wis.

Mrs. Agnes Stevens and son, Lloyd, drove to Big Rock, Ill., last Sunday and attended a family gathering at the R. Clabaugh home. The Joe Price family from Joliet were also present. The party was in honor of Mrs. Stevens' birthday anniversary.

### Mature on Vine

One way to save tomatoes from frost is to pull up the whole vine with the tomatoes still attached, and hang it in a dry, moderately light place, such as the garage, suggests the department of agriculture. The mature green fruits will gradually ripen on the vine, and tomatoes will keep fairly well this way for weeks.

### Camel's Limit

It is quite doubtful that camels, as many suppose, can go without water for a week without great discomfort or physical danger. Two or three days is believed to be the limit.

### As we were saying-----

By Jack and Louie

Howdy Folks: A soldier, just returned from Italy, says that when you enter a restaurant in that country you are greeted with the national air—garlic and onions.

In this country, a restaurant is an eating place that doesn't sell drugs.

A friend of ours said that some one told him which restaurant to go to in the city to get a good piece of beef, but it turned out to be a bum steer.

If you go to a restaurant and the coffee tastes like mud, keep your shirt on because it was probably ground that morning.

Seriously, a good feed in a restaurant is good for any one, and we have some good ones here in Antioch.

You can get a good deal on dry cleaning right here in Antioch too.

All you have to do is let our driver call on you, or drop in to see us.

Always keep looking your best, with cleaned pressed clothes.

**Car in Reverse, but Boy Is Not Backward**  
PALO ALTO, CALIF.—Chief Gordon R. Davis discovered a new wrinkle in college boy economies. Davis said a policeman stopped a student driving backward and received this explanation: The car was rented on a mileage basis, and the student was driving backward because the speedometer did not register.

### Crude Operation Saves Boy's Life

#### Ruptured Appendix Forces Unusual Efforts.

SEATTLE.—The story of how an army doctor operated on a table of crudely sawed boards on a ship in the Pacific to save the life of a 20-year-old youth, whose appendix ruptured several hundred miles off Yokohama, was told here.

The youth is Albert Bahoot, reported recuperating at his home in Asbury Park, N. J. The doctor is Capt. Howard C. Rufus of Lancaster, Pa. It happened aboard the army repair ship W. J. Connors.

A steam potato cooker served as a sterilizer. A Swedish chief mate, who once had witnessed an appendectomy, was the medical assistant, wrapped in a sheet.

To check on blood types for a transfusion, a flashlight lens served as a slide for the microscope. Test tubes were rigged on an electric fan for a centrifuge for separating the blood.

Then came the most severe setback.

The small penicillin supply aboard was outdated. By radio an SOS went out for the drug that was needed to fight the gangrenous infection.

The SS Cape Clear, bound for Seattle, hove into sight next morning. But seas were rough. Transferring the patient was out of the question. After a four-hour fight against the elements and after lines twice were snapped by the pitching of the ships, the lifesaving drug was brought aboard.

### Girl Weds Another on Trip to Join G.I. Fiance

PHILADELPHIA.—Eunice Eaton, 19-year-old British model, made up her mind in 20 days on land to accept the hand of an American army sergeant in marriage. But 13 days on the high seas changed it.

Bound for America to meet the G.I., Richard Simmons, 30, of Manchester, Conn., she was married in

a ship-deck ceremony to the vessel's purser, Thomas Hennessey, 22, Brooklyn.

Simmons was waiting on the dock when the Liberty ship William D. Pender arrived with what he thought was his bride-to-be.

All Simmons knew, ship Captain Francis M. Burns said, was that his fiancée had wired him the time of arrival, assuring him "all my love goes with this."

Burns said that since leaving her in London last November, Simmons had written her 200 letters, sent her \$800 to buy a wedding ring and some clothes and paid for her passage here.

Chief Engineer S. S. Redwin, best man at the wedding, which occurred just 20 miles from shore, walked down the gangplank to break the news to Simmons and said, "Behave me, the ship took it like a

man." He did insist on seeing Eunice, Redwin stated. "What they said I don't know."

## A MESSAGE OF INTEREST to all who await deliveries of new Chevrolets

We want you to know that everything possible is being done to speed deliveries to you; but production still lags far behind schedule—even though Chevrolet has built more cars and trucks than any other manufacturer from January through September 1946

WE REALIZE how eagerly you are awaiting delivery of the new Chevrolet you have ordered from us, and we want to pass on to you the latest information received from the Chevrolet Motor Division, even though that information isn't too encouraging at this time.

It is true that Chevrolet leads all other manufacturers in total production of passenger cars and trucks from January through September 1946, despite the fact that Chevrolet was out of production entirely during the first three months of this year. It is also true that Chevrolet has continued to maintain its lead in total production during the third quarter of 1946. And yet production is still running far below desired levels, with the result that Chevrolet's output of cars and trucks through September 1946 was only 38.7% of the number produced during the corresponding period of 1941.

This means it may take many months for the Chevrolet Motor Division to reach peak

production of new Chevrolets—even longer to fill the unprecedented demand for this product of BIG-CAR QUALITY AT LOWEST COST—and, for the present at least, "there just aren't enough Chevrolets to go around," much as we wish there were.

However, we want you to know that new Chevrolets are leaving the plants in the largest numbers possible today. The Chevrolet Motor Division tells us it is doing everything it can, in the face of continued suppliers' strikes, material shortages and manpower problems, to step up shipments to us and to all dealers, in accordance with a predetermined distribution plan assuring each dealer of his fair allotment, based on 1941 passenger car sales. And we, in turn, are doing our best to deliver new Chevrolets to our customers as rapidly as they are received and in the fairest possible way. We are too appreciative of your loyalty and goodwill—too grateful for your patience and understanding—to do anything less than continue to serve you to the very best of our ability.

#### KEEP YOUR PRESENT CAR RUNNING

Meanwhile, the most important car of all to you is the car you are driving now. May we suggest that you keep it in top running condition until you secure delivery of your new Chevrolet, by bringing it to us for skilled service now and at regular intervals. Remember—cold weather is hardest on old cars. Please see us for a complete check-up today. . . . And, again, thank you!

### Cat Falls Nine Stories, All Nine Lives Spared

NEW YORK. — Felix, a cat, slipped while cavorting in the window of an apartment house and fell nine stories.

He landed on his four feet on a ledge around the building's ground floor and hopped lightly down to the sidewalk.

Robert D. Jordan came rushing down in the elevator, expecting to find the pet of his daughter, Mary, 16, a corpse.

Instead, he found a very live cat whom he took to a veterinarian, Dr. Sidney Schiff. Dr. Schiff could find no broken bones, but there was indication of internal bleeding and he reserved judgment on Felix's nine lives for 72 hours.

Some 10 hours after his fall, Felix's internal bleeding had stopped and he was walking about, looking somewhat dazed by it all but showing no sign of injury.

Felix is three years old, half Manx and half nobody-knows.

### Loot Stolen During War Is Found Along a Road

LONDON.—Jewels and art treasures valued at \$180,000, stolen in the course of the war from a Yorkshire estate, were found strewn along a highway between Sheffield and Manchester.

A constable discovered the mass of silver, porcelain and other valuables, packed in tea chests and other boxes.

The treasure, owned by the late Louis Cartier, famous jeweler, was hidden in the garage of Ingmire Hall, Sotrage place, Yorkshire, in 1939. The theft was discovered last November, although, presumably, it had occurred several months earlier.

### Draw Pay

It is stated to be traditional in the coal fields that a miner may draw upon his pay after any or every working day.

**Makes Soil Safe**  
Soil, contaminated with pests and germs of plant disease, can be made safe for plant growth by fumigation with "DD," a chemical relative of the powerful insecticide "DDT."

### Low Income

While the population of all Latin American countries combined is almost as large as that of the United States, the combined income of these countries before 1939 was less than one-fourth of ours.

### Washing Woodwork

When washing woodwork, use long strokes and work across, rather than up and down. Begin at the bottom and work up towards the ceiling.

### Farm Fatalities

In 1944, 4,300 farm workers were killed on the job, and 4,300 farm residents were killed in motor vehicle accidents.

## ELECT YOUR OLD WAR BUDDIE---

A Judge should not be controlled by any Klan, Club or Political Ring. God and his own conscience should be his guide in the determination of all matters that come before him.

Elect your former  
Assistant Attorney  
General for Illinois  
Elect your former  
Assistant U. S. Attorney

Elect your old High School  
Teacher.  
Elect a former Republican  
who does not believe in  
political control by the few  
in Lake County.  
Elect a laborer who worked  
on his mother's farm 21  
years.  
Elect a man who has Judicial  
Temperament—  
A man who is worthy and  
well qualified.

Dear Voters:

The ballot is more important in the preservation of American Democracy than the atomic bomb.

I have known Charles Noll, our candidate for Probate Judge, all of my life. Twenty-five years ago he was a student in Waukegan High School. Later I worked for him when he supervised three subdivisions in Waukegan.

From 1933 to 1940 he was Assistant Attorney General under Judge Otto Humes, in which capacity he handled the adjudication of boys in many cities.

During the last three and a half years he was Assistant United States Attorney for the Northern District of Illinois, representing the Government in several hundred civil cases involving Probate and other matters.

Charles lives with his family at 1325 Jackson Street and has four children. The oldest daughter, a University graduate, is teaching in the Waukegan High School. His oldest son who served as a Lieutenant in the Air Corps is associated with him in business in Waukegan. Charles served in the First World War.

Kindly vote for Charles Noll for Probate Judge.  
Very truly yours,  
A Lake County Voter

ELECTION.....NOVEMBER 5, 1946

Experienced - Qualified - Deserving

YOUR VOTE AND SUPPORT  
APPRECIATED

## Will Your Veteran Get His Bonus

That is for YOU to decide. You and Your Veteran and all his family and friends. You will decide it at the election next Tuesday, November fifth.

### YOUR VETERAN—

your son, your husband, your brother, or your boy friend, or your neighbor's boy—and every man or woman who served in the armed forces from Illinois will be eligible for a cash bonus under the Illinois Veterans' Bonus laws. The money will be paid him next year if you vote for the bonus November fifth.

Governor Dwight H. Green recommended the bonus to the Illinois General Assembly. It was adopted almost unanimously by the legislature. Veterans' organizations everywhere, including the American Legion, the Veterans of Foreign Wars, and the American Veterans of World War II, endorse it. Now all that is required is your vote next Tuesday.

The Republican party of Illinois is making this campaign for the bonus. Every Republican candidate for state office; for Congress, and for county offices, is working as hard for the bonus as for his own election. YET—

The Bonus may be defeated for two reasons. They are:

1. The State Constitution provides that the bonus bonds cannot be issued unless a majority of all voters voting for members of the General Assembly vote Yes on the bonus. Therefore, every voter who fails to

mark the separate bonus ballot (service recognition ballot) in effect votes against it.

2. An organized campaign is being waged to de-

### Don't Be Fooled By This Trick

Opponents of the bonus are trying to scare the voter by telling them that if the bonus wins, real estate and personal property taxes will be raised. Here are the facts and those who are paying to spread this rumor know them:

The bonus measure provides special taxes on cigarettes and race-track betting to pay the cost of the bonus.

Every Illinois state bond issue contains the property tax provision, required by the constitution but no state property tax has been levied in Illinois for twelve years and millions of bonds have been paid off.

Governor Green has pledged that no property tax will be levied to pay the bonus bonds. If you are worried about taxes, don't worry about the bonus plan. Vote Yes on the Bonus and Vote for your Republican candidate for Congress who is pledged to reduce income taxes twenty per cent.

## THE ILLINOIS BONUS PLAN PROVIDES

For every man or woman from Illinois who served in the armed forces in World War II:

Ten dollars a month for each month served in the United States.

Fifteen dollars a month for each month served abroad.

A minimum of \$50, a maximum of \$900, and an estimated average of more than \$400, for every Illinois veteran.

Nine hundred dollars for the next of kin of every Illinoisan who died while in service.

feet the bonus. That campaign is financed by men who made fortunes at home while our boys were fighting at the front. It is being helped by selfish men who are unwilling to make a small sacrifice for the veterans who risked—and made—the supreme sacrifice for their country.

They have trumped up a lot of phony arguments. (Like the one answered in the box at the left.) Their chief hope, however, is that YOU and YOUR VETERAN and all the people who want him to have the bonus, won't bother to vote for it.

So, if you want YOUR VETERAN to have his bonus, be sure to vote the bonus ballot which is marked "Service Recognition Ballot" and

## Arthur Maplethorpe And Patricia Ryan Married on Sunday

Patricia Ruth Ryan, daughter of Mr. and Mrs. Nick Ryan, of Channel Lake, became the bride of Arthur Maplethorpe, Jr., son of Mr. and Mrs. Arthur Maplethorpe of North Main Street, Antioch, in a four o'clock ceremony Sunday at St. Ignatius' Episcopal church, with the Rev. Father Strausser officiating.

The bride attired in a white satin wedding gown with train and full length veil, was attended by her sister, Irene Ryan as maid of honor in delicate pink, and bridesmaids were Mary Ryan and Mary Jane Maplethorpe, wearing gowns of delicate aqua marine.

James E. Maplethorpe, brother of the bridegroom, acted as best man. Ushers were Charles Jorgensen, Jr., and Charles Maplethorpe.

Hans Von Holwede presided at the organ.

A wedding dinner for 125 guests was served in Guild hall at the reception following the ceremony.

The young couple are now on a trip through Iowa, Missouri and Illinois. Upon their return Mr. Maplethorpe will be associated with his brothers in the Main Garage. They will reside in the Walter Scott house on Parkway Ave.

Mr. Maplethorpe, better known as Bud, served 20 months in the navy in antisubmarine operations in the south Pacific.

### IRELANDS ARE HOSTS AT MOCK WEDDING OCT. 26

Mr. and Mrs. Warren Ireland, of Lone Oak inn, were hosts to Mr. and Mrs. Edward Bruns, of Petite Lake park, Lake Villa, Saturday, October 26th.

The event was a surprise mock wedding with Mr. and Mrs. Bruns, as bride and groom, celebrating their twenty-seventh year of marital bliss. Carl Meinersmann gave the bride away; Elmer Barth was the minister and their attendants were Mrs. E. Branding, sister of the bride and Mr. Henry Schippman.

William Morris, of Wes's Auto and Body shop, was flower girl and Ed Bladder was ring bearer. Mrs. Eleanor Branding carried the train for her aunt and the choir was composed of Pat Schippman, Colleen Ireland, Eddie and Bob Branding.

The ceremony was interrupted by a negro mammy (portrayed by Ed Schippman) protesting the groom was the father of her child. All participants are residents of Lake Villa. A most delightful evening was enjoyed by all.

### LYLE WOHLFEL TAKES MARILYN LUSTIG AS BRIDE

Marilyn Lustig, daughter of Mr. and Mrs. Ernest Lustig, of Oak Park, and Lyle Wohlfel, son of Mr. and Mrs. Fred Wohlfel, of Channel Lake, were married Oct. 19 in the rectory of St. Charles church, Oak Park.

A reception for 250 guests was given at the home of the bride's parents, 1223 Northeast Ave., Oak Park, and a dinner for the immediate family was served at the Oak Park Arms.

The couple left on a two-week wedding trip to the Smoky Mountains in Tennessee and North Carolina. They will reside in Oak Park.

Mr. Wohlfel served as a Marine during the war.

The Lustig family has a summer home at Deep Lake.

### HARVEY-CAMPHOUSE RITES PERFORMED HERE SATURDAY

Miss Margaret Harvey, daughter of Mrs. Alice Harvey of Little Silver Lake, and William J. Camphouse, son of Mr. and Mrs. Joseph Camphouse, of Berwyn, were married Saturday afternoon in rites performed by the Rev. Francis M. Flaherty in the rectory of St. Peter's church.

The bride wore a winter white suit with cherry-rose accessories and a white feathered hat. Her corsage was of white chrysanthemums. Her sister, Alice, was her only attendant, and wore a purple suit with black accessories. She had a white chrysanthemum corsage. Robert Camphouse served as his cousin's best man.

Mrs. Harvey attended wearing an aqua dress while the bridegroom's mother wore a print dress. Both had corsages of white carnations.

A family dinner was held in the afternoon at Waters' in Trevor, Wis., and a reception for 75 guests was given in the evening at the Harvey home. Following a week at Niagara Falls, the couple will be at home in Berwyn.

A graduate of Antioch High school, Mrs. Camphouse has been employed at Antioch Bell Telephone Co. for two and a half years. Her husband is a tool and dye maker in Chicago.

### GRADE PTA WILL SPONSOR CARD PARTY AND DANCE, NOV. 16

Bessie Barnes' orchestra will furnish music for dancing at a card party and dance to be held at the Antioch grade school on Saturday evening, November 16, according to William Horton, Jr., publicity chairman for the Grade P. T. A.

Card games of all kinds, and refreshments will be enjoyed as well as the dancing.

## Dr. Petter to Speak Before Woman's Club Monday Afternoon

"The Story of the Lake County Sanitarium" will be the subject of a talk given by Dr. Charles K. Petter, head of the county T. B. sanitarium, at the Antioch Woman's club on Monday afternoon, Nov. 4, at the home of Mrs. C. B. Olson, on Route 59.

The topic is especially timely, inasmuch as the proposition to renew the tax for the maintenance of the sanitarium is to be voted upon the following day at the election in Lake County.

It is hoped that there will be a large attendance, as Dr. Petter is an interesting speaker, and the sanitarium is a matter of vital interest to the community as well as to the whole county.

## MR. AND MRS. MATTHESEN WILL ATTEND BAHAI MEETING NOV. 5

Mr. and Mrs. A. F. Matthiesen, of Bristol, will motor to Urbana, Ill., on Tuesday, Nov. 5, to attend the public Baha'i meeting to be held at 8:30 in the auditorium of the University of Illinois. The speaker will be Miss Elsie Austin, of Washington, D. C., attorney with the Federal Government, and member of the National Baha'i Executive body. Her subject will be "World Order Through World Faith." The musical program will be presented by Bruce Foote, baritone, who is well known through his many appearances on WGN.

This meeting is the third in a series which will be held in 25 Key Cities of the United States and Canada over a period of seven months. They are under the sponsorship of the National Baha'i Public Meetings Committee of which Nina Matthiesen is the directing secretary. Other national committees assisting are the Public Relations, Radio and Visual Education.

The first of the series was presented in Minneapolis on Oct. 13th to a capacity audience. Other cities holding their meetings in Nov. are Albuquerque, N. M., Binghamton, N. Y., and Winnipeg, Canada. All are using the theme subject "World Order Through World Faith." Affecting more than 900 localities where American and Canadian members of the Baha'i World Faith reside, the aim of the program is "to lay more powerful spiritual foundations for the era of internationalism now definitely under way."

### Dunes Theatre at Zion Recently Built at Great Cost is Modern, Pretty

The new Dunes theatre at the southern edge of Zion on Sheridan road is attracting much attention in this community because of its beauty and modernness and the nature of its pictures. It was recently completed at a great expense.

The design of both exterior and interior is ultra modern and has the whole county talking. The "crying room" where mothers may take their infants and yet enjoy the show, the spacious lobby, comfortable seating and beautiful decorations make it tops in show houses on the North Shore.

The theatre is having an exclusive first run showing in Lake county of Bernard Shaw's "Caesar and Cleopatra." It will start Monday and run the entire week.

The six million dollar technicolor film, said to be the costliest ever made, brings back to the screen Vivien Leigh who won fame and the academy award for her performance as Scarlett O'Hara in "Gone with the Wind." In this picture she again is a candidate for the Academy award. Claude Rains co-star with her as Caesar.

The new theatre was under construction when Zion lifted its ban on motion picture theatres within the city limits.

### Ray W. Lindroos Writes Book on Trapping for Midwestern Trappers

A new book just off the press written by Ray W. Lindroos, of Waukegan, well known in Antioch is entitled "Practical Farmland Trapping." The book has been approved by recognized experts as the only real helpful book on the market for midwestern farmland trappers. It is written by one who has been a successful trapper himself and knows the better ways of doing the job.

The book has such chapter headings as: "The Trapping Game," "Locating Territory," "How to Prospect for Fur," "Outfitting," "The Mink," "Sets for the Mink," "The Muskrat," "Fox and Raccoon Trapping," "Skunk, Oppossum and Weasel," "The Truth About Scents," "Organizing the Trapping Line," "Marketing Your Catch," and "Skinning and Stretching Fur."

The book was printed by the Antioch News, and will be on sale at Reeves Drug store in Antioch.

### Lake County Farmers Urged to Order Their Clinton Seed Oats Now

Lake County farmers, who plan to grow some of the Clinton Oats next year, are advised by Ray T. Nicholas, Lake County Farm Adviser, to place their orders not later than December 1.

At a recent meeting of the six Lake

County Certified Clinton seed growers it was decided that Clinton Oat seed, in so far as the limited supply will go, will be held for Lake County farmers until December 1. There will be no assurance that farmers who wait until after that date to order seed will be able to obtain any.

The certified growers also established a price of \$3.00 per bushel for certified, cleaned, bagged and tagged seed this year. It was also decided at the meeting of the growers that a seeding rate of 1½ bushels per acre would be suggested. This year's yield of from 60 to 80 bushels per acre was secured from a one bushel per acre rate of seeding.

It should be emphasized that the limited supply of Clinton Oat seed will not satisfy all of the demands for seeding in 1947. Lake County farmers who want some Clinton Oat seed should place orders with the following Lake County Growers, not later than December 1st.

#### Rich Urals

Stretching from the Arctic almost to the Caspian sea, the Urals yield, besides iron and coal, such varied minerals as copper, lead, zinc, nickel, manganese, asbestos, aluminum, chromium, gold, silver and platinum. There are also valuable oil reserves in and near the mountains.

## Republican Candidate FOR SHERIFF

**Ancient Sites**

The site of ancient Beth-Yerah, on the southern shore of the Sea of Galilee, yielded ruins of buildings of pre-Christian periods. One house had a paved inner court surrounded by living rooms, kitchen, and store rooms. A pre-Bronze-age settlement, with flint axes, was discovered near Haifa; and in a burial ground in this area were found jewelry and other objects of gold, ivory, glass and earthenware.

**Nutty Flavor**

Uncooked oatmeal, if toasted to a delicate brown and used in making cookies, will have a delicious nutty flavor.

**Construction Aids**

Granite and marble have been employed in the construction of all the world's greatest architectural achievements—from the Parthenon of ancient Greece and the magnificent cathedrals of Europe, to the giant skyscrapers of the modern American metropolis.

**Early Pasture**

Early pasture contains a lot of water and has relatively little feed value. It does not pay to turn livestock onto pasture too early in the spring.

**Turkey Eggs**

Turkey eggs have a strong shell and a tough shell membrane. It is possible to drop a turkey egg two feet to a concrete floor and shatter the shell completely, yet the contents will not leak.

**Exude Water**

Almost a quart of water leaves the skin during one day of ordinary weather and more than a pint per day is exhaled in the breath.

**Small Details**

Someone has defined character as cleaning in the corners which nobody sees!

**Food Waste**

Of every three sweet potatoes grown, only one ever reaches the dinner plate. The other two are destroyed by decay, in transportation, in the market or kitchen.

**Queen's Whim**

Queen Elizabeth is said to have ordered one of the royal laundrymen to be beheaded because he ruined her favorite ruff in the wash. He was saved by the intervention of Sir Walter Raleigh who convinced the Queen that the royal ruff had been so dirty it required strong and destructive chemicals to make it clean.

**Muscle Reaction**

Muscles react most slowly to the impression of sight and most quickly to that of sound. That's why modern foot races are started at the report of a pistol rather than in the old-time way of dropping a handkerchief, a difference of one twenty-fifth of a second in reaction amounting to more than one foot in a run of 100 yards.

**Mastoid Cells**

Human beings are the only creatures with mastoid cells in the bony structure surrounding the ears.

**Farm Output Rises**

In 1880, the average mid-west farm worker produced 23 acres of harvested crops. Now the average production is more than three times as much.

**Fact****and Scripture**

Comes the time for another national election. A privilege our republic affords.

There are also other days when we are to make a choice.

No man can serve two masters: for either he will hate the one, and love the other; or else he will hold to the one, and dispise the other. Ye cannot serve God and mammon.

*Her voice has never lost its smile*

Quite often the telephone switchboard is the busiest place in town. Sometimes we have more calls to answer than we have equipment to handle them. We wish you could watch our operators then. Their hands move with amazing speed and skill. Yet, even at their busiest, our operators give cheerful, courteous service. It's still the voice with the smile. Until all the new equipment we have ordered arrives, you can count on this—they'll do their best with what we have.

When hanging woolen clothes (on hangers) out on a line to air, place two strong clothespins between each two hangers. They'll keep the hangers from crowding to the center of the line, so clothes will air thoroughly.

**Window Glass**  
Although man invented glass about 9,000 years ago, according to the Encyclopaedia Britannica, he didn't invent window glass until more than 7,000 years later. First mentions of window glass came at the end of the Third century A. D.

**Consumer Credit**  
According to a 20th Century fund survey, consumer credit costs the borrower from two to six times as much as business credit, chiefly because consumer credit is a retail business and operating costs are higher.

DO IT WITH  
Ballots

In this country ballots take the place of bullets. If you don't like the way things are going in this country, speak up at the polls on November 5 and get yourself a new set of officials who will run the country as you want it to be run. That is your right — your duty — as an American.

Under our Constitution the people of the country are expected to express at the election booth their wishes as to government policy. If they fail to do so, they fail to do their duty by their country and themselves.

If you are against the idea of having veterans homeless, if you are against food shortages and high living costs, if you want lasting peace, high production, and the privilege to live your own life your own way,

*Don't overlook  
this Warning!*

PROPERTY values have soared from 30 percent to 50 percent in the last five years. This agency is downright worried because some people have not increased their insurance to keep pace with the greater insurable value of their property. They are so seriously underinsured that a bad fire will mean a heavy loss to them. Don't let it happen to you!

What You Should Know About

## HOME FREEZERS

Before you buy a home freezer it is well to consider all the facts so you will know which unit will suit your purpose. You may have asked yourself: "What advantages are there in a home freezer for me? What type do I need?" The answers to these questions depend on the size of your family, your home, and the availability of fresh foods.

Home freezers were not manufactured during the war, but the fortunate housewives who were "freezing" voiced their approval with such enthusiasm and wholehearted praise that women the country over decided they must have one. Many companies will have freezers available later in the year.

**What are the advantages of a freezer?**

Meal planning ceases to depend on the seasons or local markets when you have a home freezer. With a variety of frozen foods on hand (home and commercially frozen foods, including breads, pies, cakes and ice cream) meals can be prepared on a moment's notice. Unexpected guests can be served fine "company dinners" . . . meals which ordinarily would take long hours of planning, shopping and preparing. Out-of-season foods can be enjoyed at your table as fresh as they were in the garden months earlier and at as low a cost as when they were in season.

For those of you who grow fruits and vegetables, or have easy access to quantities of foods from local farms or markets, freezing will save time, vital food values, flavor and color. Actual time studies show that preservation by freezing takes approximately 1/3 the time required for home canning or dehydrating foods.

**What size and style will you need?**

You can estimate the size you will need by planning on one cubic foot as adequate for about 30 pounds of frozen food.

Many new household refrigerators have a low temperature compartment which may meet your requirements if your family is small or if there is no suitable location for a freezer.

For the family of average needs there are many types of home freezers. The chest-type is waist high and designed to fit into a utility room, basement or kitchen. Upright freezers are styled like your refrigerator and open from the front.

**How to get the most from a freezer**

Preparing foods for freezing must be done with care. The manufacturer of your home freezer will provide complete instructions. By following those simple directions you will get the most satisfaction from your freezer.

The operation of a freezer is just as simple as that of an electric refrigerator. It has to be defrosted only two or three times a year because it is not opened as often as a refrigerator. Home freezers can be plugged into any wall outlet and operate at a monthly cost slightly higher than a standard refrigerator of the same capacity.

FREE copies of our interesting new booklet "Facts about Home Freezers," may be obtained at your Public Service store or by writing the company.

Rich in Resources Spain is rich in mercury and silver deposits and more than 20 of the 60 provinces have copper, lead, zinc, iron, coal or potash. Forests supply pine and cork.

**Sour Milk**  
In baking, sour milk may be substituted for sweet milk, cup for cup, thus giving lightness, tenderness and flavor to hot breads and gingerbread and spice cake. For every cup of really sour milk use 1/4 teaspoon of soda. For milk just beginning to turn sour, use 1/4 teaspoon soda for each cup of milk. It is better to use too little soda than too much, because too much gives your baked products a bad flavor, bad odor and a yellow color. Mix the soda with the dry ingredients rather than with the milk because all the gas should be saved to leaven the baked product.

## Like Milk

Americans consumed more than half of their dairy products as milk and cream in 1945, according to preliminary estimates by the bureau of agricultural economics of the department of agriculture. About 266 quarts of milk were needed to fill the milk and cream requirements of each individual. Butter was next on the list, about 102 quarts of milk being required to make the average American get last year. Cheese, ice cream and concentrated milk follow in the order named.

## Save Bread

The bread box should be washed frequently with soap and water and then aired to prevent any trace of mold.

## Tea Consumption

The United States, the world's second largest tea importing nation, consumes on an average of 16 billion cups of hot tea and 3 billion glasses of iced tea a year.

## Vegetable Vitamins

Vegetables which are abundant in vitamin A include green and yellow varieties and tomatoes. The green vegetables include: beet, dandelion, mustard and turnip greens; swiss chard, collards, endive, kale, spinach, watercress, green beans, broccoli, green asparagus, Chinese cabbage, green lettuce, peppers, peas and parsley. The yellow vegetables which are good sources, are: sweet potatoes, carrots, yellow corn, yellow fleshed squash and pumpkins. Tomatoes and cantaloupe fall into neither the yellow or green classes, but are abundant in vitamin A.

## Navy Purchases

In 1943 the navy bought 22 million handkerchiefs, over 5.5 million blue and white undershirts, 1 million rubber overshoes, 11 million cotton undershirts, 10 million drawers, 4.3 million white trousers, 3.4 million white towels, 10 million black cotton socks, and 4 million chambray shirts.

## Avert Flying Sickness

The power of color is nowhere more forcefully demonstrated than in the field of health. Color engineers have done effective work for the airlines in the prevention of "flying sickness." They discovered that browns and yellows tend to provoke nausea, while greens and blues avert it. On the advice of its expert, one air line discontinued serving mayonnaise, and at the same time changed its sheets, pillow cases and blankets in the airliner sleepers from white to green tints.

## Tile Exports

Although exports of floor and wall tiles constitute only a small percentage of United States production, they are in some years sent to as many as 40 or 50 countries.

## Dark Shades

Dark green window shades shut out natural light and give a quality to what light is admitted that can neutralize a good color plan. Roll the shades to the top of the window during the day, or replace them with light tan or cream washable shades for a more cheerful appearance. Sharp green and blue porch ceilings reflect the same quality of light in rooms as green shades. Repaint ceilings light yellow, ivory, or bone white.

## 'Evil Eye'

The "evil eye" is so feared among the Neapolitans that at the approach of a person supposed to possess one an entire street will clear. The evil eye is still much feared for horses in India, China, Turkey, Greece and Arabia. Modern Egyptian mothers believe an evil eye accounts for the sickly appearance of their babies.

## Boron Extremely Hard

Boron, a metalloid, is available in vast quantities, but is one of the least known of the rare elements. It is extremely hard and is used in ferro-alloys.
